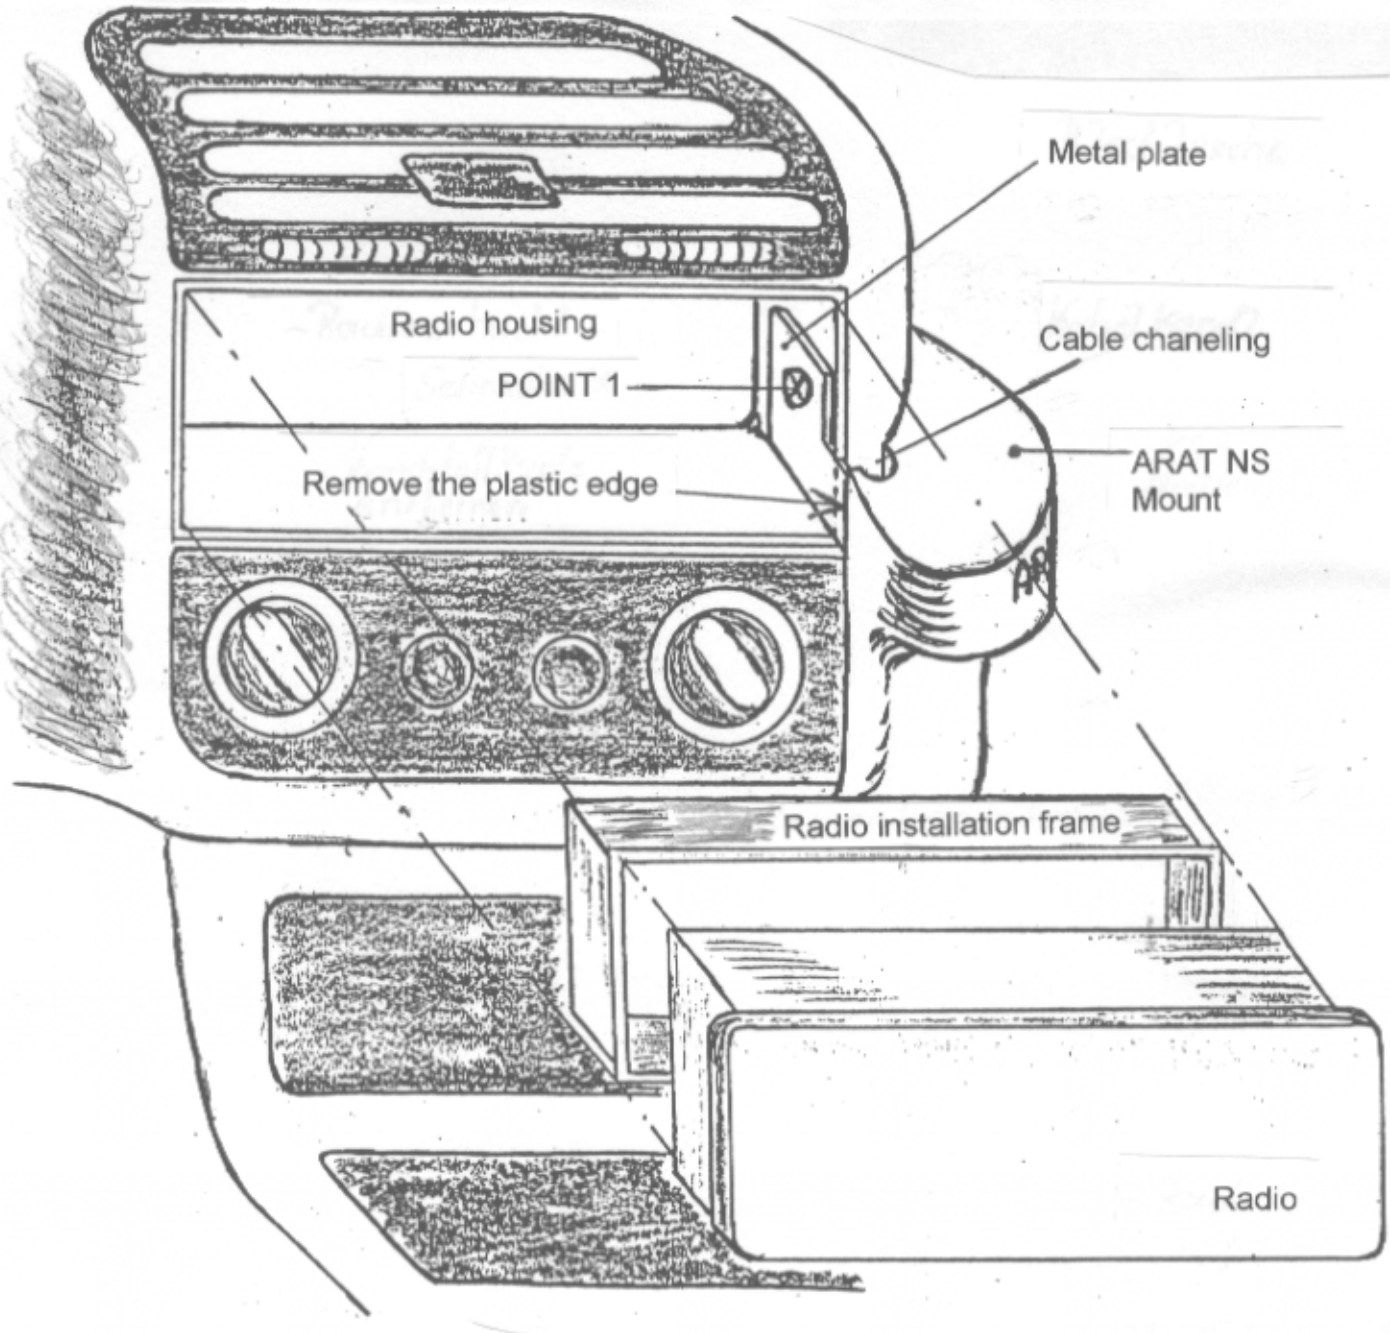
Installation instruction

ARAT Special mount for Navigation Systems

Artikel-Nr.: NS 1031.4
for BMW 3 series E36
1995 98



Remove the radio from its housing

Remove the radio installation frame from the central dashboard

Remove the screw at POINT 1

Remove the plastic edge of the radio housing approximately 20mm long (the width of the metal plate) in order that the metalplate sits flush to the side of the radio housing

Place the mount to the contours of the dashboard, and with the supplied screw secure the mount thruogh the metal plate into the underlying material

Replace the radio installation frame, radio etc ansuring that the cable to the screen/monitor is channeled in the preformed channel of the mount
